Restroom & Toilet Facility Maintenance Log

G-10.6 Toilet and wash stations shall be maintained in a clean and sanitary condition. Toilet paper shall be available in toilet facility. Wash stations shall include hand wash facilities with water that meets the microbial standard for drinking water, hand soap, disposable towels or other hand drying device, towel disposal container, and a tank that captures used hand wash water for disposal. These stations shall be provided inside or adjacent to toilet facilities, and any location where product handling is taking place.
